

Champagne Papis is a limited, 100% handmade, luxury Boutique-Champagne.

It comes from the region of la Montagne de Reims, in the heart of Champagne, France. Papis is produced by a small winery, run by the fourth generation. All grapes used come from their own vineyards, which belong to the oldest vineyards of the region. In combination with the chalk-rich soils and the traditional production, these old and rare grapes are responsible for the outstanding and fresh taste of champagne Papis.

The composition of 90% Pinot Noir and 10% Chardonnay grapes builds the perfect foundation for the traditional 'méthode champenoise' with which Papis is produced.

By waiver on malolactic fermentation (milk acid fermentation) the champagne keeps a convenient part of its acid, which perfectly underlines the fresh fruit notes of the grapes and their excellent taste.

Particularly striking is the worldwide unique bottle design with its hand drawn 3D paisley gumming, which envelops the whole bottle. The outstanding bottle makes Papis a perfect and generous gift.

Champagne Papis is named after style icon Papis Loveday.
